ANIMAL ADVENTURES

Scavenger Hunt

The Members Exclusive “Animal Adventures LIVE” event is taking place on Sunday, May 31. Get to know your tour guide Shauna by watching her three Animal Adventures virtual tours on the Museum’s YouTube channel. Complete the Scavenger Hunt and get ready for even more Animal Adventures fun!

The Scoop on Scat – [VIDEO LINK](#)

1. What kind of turtle is in the diversity tree display? Snapping turtle
2. Is the scat in the drawer real? Yes (it has been preserved)
3. What form does herbivore scat usually come out in? Pellets

The Porcupine of the Boreal Forest – [VIDEO LINK](#)

1. What is the porcupine doing up in the tree? Eating (tree bark)
2. What rodent do wolves commonly eat? Beavers
3. What family of animals does the fisher belong to? Weasel (Mustelidae)

The Pliosaur: Giant of the Ancient Sea – [VIDEO LINK](#)

1. In this video what Museum Gallery is Shauna in? Earth History Gallery
2. Do we find dinosaur fossils in Manitoba? No. We find marine reptile fossils.
3. Why did Debbie construct the display for the real pliosaur fossil at an angle? So that she didn't have to use any glue or adhesive and the fossil was not damaged.
