

## REPRODUCTIONS AND LICENSING FEE SCHEDULE

Reproductions of materials from the collections of the Manitoba Museum are provided under a license and conditions of use agreement. Costs are based on reproduction and user fees, and are for one-time, non-exclusive use. Advance payment is required. The following prices are subject to change without notice and do not include applicable taxes.

### Reproduction Fees

Digital Image Reproduction (300 dpi or higher, JPEG or TIFF)	\$35 per image
Digital Image Reproduction (low resolution JPEG)	\$25 per image
Digital Recording (Oral History Interview)	\$15 per file
Digital Moving Images*	\$40 per file

\*does not apply to Ancient Seas, quotation available upon request

Fees include electronic delivery. Additional fees will be assessed to cover the costs of materials and delivery for other delivery methods.

Fees apply to existing images or files. Special requests are done by contract. This includes the creation of new photographs, copy prints, or the migration of media to a digital format. Clients are responsible for all contract fees, and a set-up charge may also be assessed. The Museum will supply a quote prior to work being done. The Museum assumes responsibility for arranging to have material reproduced. If a negative or digital file must be made to meet a client's request, the digital file becomes the property of the Museum although the client assumes the cost of the print and/or digital scan. The Museum reserves the right to restrict the reproduction of artifacts and specimens on the basis of conservation and preservation concerns.

Photography or filming of the collections by users for various purposes is at the discretion of curatorial and conservation. A set-up charge of \$50, plus staff time and applicable user fees may apply. A minimum of 72 hours advance notice is required.

Orders required in less than 2 weeks' notice may be subject to a \$50 rush order charge.
